# **UI** Designer

# **Objective**

Forward thinking UI designer with the ability to create innovative web designs, then retro fit them into existing system constraints while still maintaining maximum effect. Looking for a role that offers opportunities for continuous improvement while working with a cohesive team to achieve company objectives.

# **Experience**

## **Kelly Services**

#### Senior UI Designer / 2019 - 2023

- · Developed interactive mocks/prototypes to demonstrate effective user flows
- Created and designed new blocks to enhance the visual representation and increase the functionality of existing websites
- · Used collected data from A/B tests to optimize user experience
- · Collaborated with web development teams to implement new designs
- Designed 6+ websites for corporate web portfolio with strict adherence to brand guidelines
- Worked cooperatively with writers, marketers, and agency partners to execute web designs
- Ensured all websites were ADA compliant (WCAG2.1 A/AA Guidelines)
- · Continuously monitored web and print outputs to achieve and maintain brand consistency
- Implemented web designs in Episerver/Optimizely CMS system

#### Senior Graphic Designer / 2006 - 2019

- Created and maintained branding standards and visual identities of Kelly Services and multiple Kelly brands and products
- Concepted and designed print and electronic marketing materials, including fliers, brochures, ebooks, social media ads, direct mail, etc.
- · Collaborated with internal writers and outside agency partners to concept and complete essential marketing projects

### **HOUR Media**

#### Associate Art Director - Art Director / 2003 - 2006

- · Concepted and designed magazines, layouts, brochures, stationary, etc.
- Directed photoshoots and illustrations to create and execute innovative concepts
- Collaborated across cross-functional teams through ideation, visual concepts, and ultimately execution
