UI/UX Designer

Objective

As a UI/UX designer, I excel at crafting innovative web designs that integrate seamlessly into existing system constraints while delivering powerful results. I am eager to find a role that fosters continuous improvement and allows me to collaborate with a dynamic team committed to achieving shared company goals.

Experience

United Wholesale Mortgage

UX Designer III / 2024 - present

- Utilize and contribute feedback to a living design system to streamline the design process and promote consistency across a team of designers
- Collaborate with cross-functional teams, including Developers, Product Owners, Project Managers, and Researchers
- Design responsive, scalable interfaces for Fintech web applications
- Create wireframes, high-fidelity mockups, and prototypes
- Engage in an iterative design process to refine and enhance user experience
- Collaborate with other UX Designers to ensure cohesive design strategies
- Participate in all-day planning sessions presenting my designs to Developers, on-call to answer questions while they organize workflows into sprints

Kelly Services

Senior UI Designer / 2019 - 2023

- Developed interactive prototypes to demonstrate effective user flows
- Created and designed new blocks to enhance the visual representation and increase the functionality of existing websites
- Collaborated with web development teams to implement new designs
- Designed 6+ websites for corporate web portfolio with strict adherence to brand guidelines
- Worked cooperatively with writers, marketers, and agency partners to execute web designs
- Ensured all websites were ADA compliant (WCAG2.1 A/AA Guidelines)
- Continuously monitored web and print outputs to achieve and maintain brand consistency
- Implemented web designs in Episerver/Optimizely CMS system
